

CASSANDRA

Oh please, don't you remember my mom?  
Cassie?

THE BOSS

Oh yeah... That lazy asshole

Tim starts the car, but he can't tell the distance between  
Cassandra and The Boss... It's a 50/50 situation.

CASSANDRA

Well she is fucking dead, you fired  
her motherfucker even though you knew  
she needed the money and that she was  
very sick.

THE BOSS

Look kid, your mom was the worst  
fucking employee I have ever had, and  
not to mention she was a fucking  
junkie. She is doing better now, you  
are coming with me.

CASSANDRA

No, you fucking won't!

She slices his hand with the knife(electronic music starts  
slow beats and kind of synthwave) we see the guy screaming  
out of pain.

Cassandra is shocked with her eyes wide open, she runs back  
to the car, gets in it and Tim starts driving. The Boss  
stands up and runs towards it.

TIM

What do I do???

CASSANDRA

Run him over!!

They ran him over and escape. We see the graphics on this  
scene showing the number 3
