

RYAN

That is not a problem now that I'm the president of the lab company.

POLICE OFFICER

So, about our deal...are you sure that vaccine is gonna save my wife?

RYAN

I promise, I just need time and more kids with that type of blood.

POLICE OFFICER

What about the kids that died?

RYAN

Let's just lie to them, tell them that we need to check them in the hospital and that they will see their friends again.

We see Ethan, Tina and Nichole photos

The cop gets in the office with Ryan where they all are.

POLICE OFFICER

Alright kids, we all have to go to a hospital now, to check everything, we will go with your uncle

He points at Tim.

POLICE OFFICER (CONT'D)

So everything is gonna be fine and you will be able to see your friends.

They all smile.

INT. ANOTHER HOSPITAL ROOM - DAY

Tim and Ana are in two ICU beds, next to each other.

ANA

It all worked out at the end.

TIM

Yes.

CHARLOTTE

Are you sure we can trust them?
